## Section A

### Criterion A: Language

- Does the student demonstrate an ability to use the language effectively and accurately?
- Does the student use spelling, calligraphy (see “Glossary of terms”), vocabulary and grammatical structures correctly and accurately?

Marks	Level descriptor
0	Language inaccuracies completely obscure communication.
1	Language inaccuracies often obscure communication.
2	Language is generally accurate and does not obscure communication.
3	Language is mostly accurate and communication is clear.

### Clarification

#### Word count

At ab initio level, students are required to write a minimum of 50 words in section A (with equivalents in non-Roman script languages). There is **no penalty** for not writing the minimal word target in section A.

#### Language

Not all errors have the same importance, and examiners should bear this in mind. Some errors affect the communication of meaning significantly, and others do not. Also, some errors indicate a fundamental lack of command of the language, while others may simply indicate a moment of forgetfulness.

**SLIPS** – mistakes at all levels of difficulty, but erratic and occasional – eg the candidate normally forms past tenses well, but occasionally forgets “-ed”.

**FLAWS** – errors occur more regularly, particularly in certain structures – eg past tenses are formed correctly quite often, but are not really reliable, and there may be basic confusions (eg past simple versus present perfect).

**GAPS** – some structures are rarely correct, or simply don’t appear – eg the past tenses are needed, but do not appear.
