

# Psychology Higher level Paper 2

Friday 17 November 2017 (morning)

2 hours

# Instructions to candidates

- Do not open this examination paper until instructed to do so.
- Answer two questions, each from a different option. Each question is worth [22 marks].
- The maximum mark for this examination paper is [44 marks].

Answer **two** questions, each from a different option.

Marks will be awarded for demonstration of knowledge and understanding (which requires the use of relevant psychological research), evidence of critical thinking (for example, application, analysis, synthesis, evaluation), and organization of answers.

#### Abnormal psychology

- 1. Discuss the relationship between etiology and therapeutic approach(es) in relation to **one** disorder.
- 2. Discuss cultural variations in the **prevalence** of psychological disorders.
- 3. Discuss two or more ethical considerations in diagnosis.

#### **Developmental psychology**

- 4. To what extent do social and/or environmental variables affect cognitive development?
- 5. Discuss two strategies to build resilience.
- **6.** Contrast **two** examples of psychological research (theories or studies) relevant to developmental psychology.

### Health psychology

- 7. Discuss social and/or psychological aspects of stress.
- 8. Discuss the effectiveness of **one or more** health promotion strategies.
- 9. Evaluate one or more prevention strategies for obesity.

# Psychology of human relationships

- **10.** To what extent do biological factors influence human relationships?
- 11. Discuss two or more factors influencing bystanderism.
- **12.** Evaluate **one or more** sociocultural explanations of the origins of violence.

### Sport psychology

- **13.** Explain the role of goal-setting in the motivation of individuals engaged in sport.
- 14. Discuss two or more effects of drug use in sport.
- **15.** Discuss athlete response to chronic injury.
